The Special Needs Plan Alliance appreciates Dr. Oz's focus on persons with complex chronic conditions, as well as Medicare Advantage, and looks forward to working with him and his leadership team on Medicare Advantage specialty managed care for our nation's most complex and high need beneficiaries. Mike Cheek, President & CEO of the Special Needs Plan Alliance stated, "We congratulate Dr. Oz on his confirmation as CMS Administrator. As a physician, as well as with his Medicare Advantage knowledge, he is well positioned to address the needs of growing numbers of high need, low-income elders and young persons with disabilities. Between 2025 and 2030, the proportion of older adults age 85 and older will increase by 22% and an additional 30% between 2025 and 2030. We look forward to working with him on building upon the solid SNP infrastructure currently in place to meet the growing need with forward thinking solutions-oriented policy."
