“

We wanted to bring something new to the snack aisle—bold, Asian-inspired flavors drawn from dim sum culture, reimagined as crispy, bite-sized snacks made for today's busy, on-the-go lifestyle.”

Anthony Kartawinata, Jans Enterprises Corp CEO

food brand recognized for delivering globally inspired snacks, has introduced a new line of products: Jans Shrimp Spring Rolls & Wontons. This new launch brings together bite-sized, shelf-stable snacks that draw from traditional dim sum flavors while meeting modern convenience and snacking habits.

The product line features three varieties:

□□ Shrimp Spring Roll – Original: Features real shrimp in a flaky, golden wrapper, lightly seasoned for a savory experience.

□□ Shrimp Spring Roll – Spicy: A variation with added chili flavor for those seeking a subtle heat profile.

□□ Crispy Cheese Wonton: Inspired by the familiar texture of fried wontons, this snack contains a creamy cheese filling within a crisp shell.

All three snacks are designed to be portable, ready-to-eat, and suitable for a variety of casual settings, including work, travel, and gatherings. Each product is packaged in resealable pouches and does not require heating or utensils.

Jans Shrimp Spring Rolls & Wontons are shelf-stable and cater to a growing interest in savory snack alternatives. The brand aims to offer practical solutions for consumers seeking flavorful, culturally inspired snack options without additional preparation steps. The crispy texture and seasoning are designed to appeal to those who enjoy finger foods that provide a balance of taste and convenience.

In terms of usage, these products are intended to be served as casual snacks across various

everyday occasions—such as office breaks, afternoon gatherings, or while traveling. Their bite-sized nature and shelf stability make them a practical option for both individual consumption and social settings.
