

# Call Loom Is Here to Break the Call Tracking Industry's Pricing Wall

*Call Loom delivers real-time inbound call tracking, smart buyer routing, and clear analytics—without the inflated cost of legacy platforms.*

CA, UNITED STATES, April 7, 2025 /EINPresswire.com/ -- [Call Loom](#) has officially launched as a new [inbound call tracking platform](#) that gives businesses everything they need to track and route calls — at much lower prices than traditional tools.

Many businesses overpay for call tracking systems that are too complicated and charge hidden fees. Call Loom is different. It offers real-time tracking, smart buyer routing, and easy call management — all in one clean and affordable platform.

“

Call Loom was built for real businesses that need smarter call tracking without the bloated pricing. We made it simple, powerful, and 100% fair.”

*Nauman Younis*

“Call Loom was built out of frustration. I was tired of paying thousands each month for tools that made my job harder, not easier. So, I created Call Loom — simple, smart, and priced right,” said Nauman Younis, Founder of Call Loom.

What Is Call Loom?

Call Loom is an inbound-only call tracking platform. This means it helps you track and route incoming calls from your marketing campaigns, websites, or ads. You can see

who's calling, where they're calling from, and send that call to the right buyer, call center, or agent.

Save 50% with Call Loom!

The graphic compares Call Loom and other tracking software. On the left, a laptop displays the Call Loom interface with the text 'Call Loom Inbound Tracking Simplify Success' and a price tag of '\$ 0.25 per call' in green. On the right, a laptop displays 'Other Call tracking Software' with a price tag of '\$ 0.55 per call' in red. A dashed vertical line with a 'VS' in a circle separates the two options.

Call Loom offers affordable call tracking at just \$0.25 per call—50% lower than other platforms.

Revolutionizing Tech Operations with Call Loom

The diagram shows a central smartphone displaying the Call Loom interface. Surrounding it are several feature icons: 'Live Support' (headset), 'Black List No.' (stop sign), 'Client Manage' (people icon), and 'Call Flows' (flowchart). The background is dark blue with light blue circles.
