The Growing Challenge for CPAs

CPA firms in the USA are grappling with escalating pressures from rising labor costs, staffing shortages, and the complexity of compliance regulations. Recent industry research highlights:

1) 68% of mid-sized CPA firms struggle to find qualified in-house bookkeeping staff.

2) The average firm spends over \$60,000 annually on bookkeeping personnel alone.

3) 42% report delays in financial reporting due to capacity constraints.

These challenges emphasize the urgent need for innovative solutions that ease operational burdens without compromising the quality or accuracy of financial records.

IBN Technologies Offers a Solution

IBN Technologies, a trusted partner addressing these important pain points, provides dependable, scalable, and affordable offshore bookkeeping services tailored exclusively to CPA firms. With 25 years of industry experience, IBN combines secure infrastructure, cutting-edge technology, and a highly qualified team of offshore bookkeepers to provide seamless assistance for top systems like [QuickBooks AI](#), Xero, and Sage.
