

ACCELEVATE SOLUTIONS JOINS GEOTAB RESELLER PARTNER PROGRAM

Connected Software Platform that delivers performance analytics to optimize fleet composition and maximize utilization.

Acceleivate Solutions joins Geotab's reseller program

HENDERSON, NV, UNITED STATES, April

8, 2025 /EINPresswire.com/ -- For immediate release, Acceleivate Solutions joins Geotab's reseller program leveraging a rich network of connected transportation solutions and over 50,000 customers in 160 countries.

“

EBI enables fleet operators to normalize & compare fuel efficiency cross-assets, optimize energy consumption, and predict fuel strategies based on driving patterns, routes, and operational demands.”

Charles Maury, CEO/CTO

Acceleivate Solutions is a leading innovator in profiling energy, cost and operational metrics cross-fuel type to modernize the way fleets purchase and utilize assets. Harnessing the power of Geotab's telematics solution, Acceleivate Solutions' Energy Blend Intelligence ([EBI](#)) platform delivers advanced performance analytics with AI-powered automation so fleet organizations can fully optimize asset composition, reduce unplanned downtime, and significantly improve cost-performance.

“The future of mobility must be smarter, safer, and more efficient. As transportation networks evolve and become

more complex, the demand for sustainable cross-fuel solutions will grow exponentially.

Harnessing the power of Geotab's telematics solution, EBI enables fleet operators to normalize & compare fuel efficiency cross-assets, optimize energy consumption, and predict the best fuel strategies based on driving patterns, routes, and operational demands”, said Charles Maury, CEO/CTO, Acceleivate Solutions.

“Geotab's reseller program enables partners globally to connect commercial fleet assets and operators to cloud-based telematics services. Partners like Acceleivate Solutions further accelerate Geotab's mission to bring near real-time intelligence & AI services to commercial mobility solutions globally,” said Steven Berube, Vice President of Sales, Reseller Channel, Geotab.

About Accelebrate Solutions: Accelebrate Solutions is a leading innovator in connected mobility services. For more than 5 years, Accelebrate Solutions has developed energy profile models to help fleets optimize asset composition and maximize uptime and cost-performance. EBI's energy model computes drive-cycle efficiency using dynamic route variables to train op-max potential curves. This technique outperforms standard telematic solutions and delivers cross-fuel power requirements to recommend & optimize sustainable asset composition.

About Geotab: Geotab is a global leader in connected vehicle and asset solutions, empowering fleet efficiency and management. We leverage advanced data analytics and AI to transform fleet performance, safety, and sustainability, reducing cost and driving efficiency.
