Facing the Pressures of Today's Accounting Landscape

CPA firms throughout USA are grappling with a series of operational hurdles—from escalating labor expenses and talent shortages to increasingly intricate compliance regulations. According to recent industry insights:

1) 68% of mid-sized CPA firms report difficulties in retaining qualified in-house bookkeepers

2) Average expenditure exceeds \$60,000 annually per firm on bookkeeping personnel

3) 42% of firms experience delays in financial reporting due to capacity constraints

These statistics emphasize the urgent need for effective, scalable solutions that can ease operational strain without compromising the quality or precision of financial reporting.

IBN Technologies – A customized Bookkeeping Partner for Texas CPAs

IBN Technologies steps forward with a comprehensive outsourcing model, built to resolve these specific challenges with flexible, cost-effective bookkeeping services. With over two decades of industry experience, IBN combines a secure work environment, expert offshore talent, and seamless integration with popular platforms such as QuickBooks, Xero, and Sage to ensure a smooth experience. This proven framework enables CPA firms across Texas to reduce dependency on in-house staff, cut costs, stay compliant, and maintain financial accuracy under one roof.
