The Growing Challenges for CPA Firms

CPA firms nationwide, including those in Kentucky, face increasing pressures from rising labor costs, staffing shortages, and more complex compliance requirements. Recent industry studies

highlight the following statistics:

1) 68% of mid-sized CPA firms struggle to retain qualified in-house bookkeeping staff.

2) The average firm spends over \$60,000 annually just on bookkeeping personnel.

3) 42% report delays in financial reporting due to capacity limitations.

These challenges underscore the urgent need for innovative solutions that reduce operational burdens without compromising the accuracy or quality of financial records.
