## The Challenges Facing Tennessee CPA Organizations

From rising personnel costs and a declining group of qualified experts to the increasing complexity of regulatory requirements, CPA firms in Tennessee are facing significant operational issues. Businesses are looking for more intelligent and effective solutions to handle their

workloads while preserving accuracy and compliance as a result of these constraints. A closer look at the current situation is provided below:

- 1) 68% of mid-sized CPA businesses report difficulties maintaining qualified in-house bookkeeping staff.
- 2) Firms are spending over \$60,000 annually on bookkeeping roles alone.
- 3) 42% of firms experience delays in financial reporting due to limited internal capacity.

These figures highlight the increasing need for alternative solutions that can improve efficiency while reducing operational costs.
