Shifting Toward Smart Solutions

CPA firms in Indiana are navigating a growing list of operational challenges—rising payroll expenses, a shrinking talent pool, and increasingly complex compliance standards. In response, firms are actively seeking smarter, tech-enabled solutions to manage workloads while maintaining accuracy and compliance. The latest figures paint a clear picture:

1) 68% of mid-sized CPA firms struggle to retain qualified in-house bookkeeping professionals.

2) Bookkeeping positions cost firms more than \$60,000 each year.

3) 42% of CPA firms face delays in financial reporting because of constrained internal resources.

These challenges highlight the need for scalable and efficient solutions, with outsourcing emerging as a key approach.
