

Gaming Meets Joy: INNOCN Introduces the 25G2S, a New Way to Enhance Every Gaming Experience

SHENZHEN, GUANGDONG, CHINA, April 10, 2025 /EINPresswire.com/ -- [INNOCN](#), a leader in display technology, has announced the release of the [25G2S](#), a 24.5-inch WQHD gaming monitor designed to improve gaming performance and visual clarity. Built with a 240Hz refresh rate and 1ms MPRT response time, the 25G2S is engineered to support responsive gameplay and immersive visuals for gamers seeking a competitive edge.

Fast Refresh Rate and Responsive Gameplay

The INNOCN 25G2S features a 240Hz refresh rate and a 1ms MPRT response time, providing gamers with smooth gameplay and minimal motion blur. These specifications are optimized for fast-paced competitive gaming, where every millisecond counts. Adaptive-Sync technology further reduces screen tearing, ensuring smooth transitions between frames and enhancing overall gaming performance.

Enhanced Color Accuracy and Display Resolution

With a WQHD resolution of 2560×1440 and an IPS panel, the 25G2S offers vibrant and consistent image quality with wide viewing angles. It covers 100% of the sRGB color space and 93% of the DCI-P3 color gamut, providing gamers with rich, true-to-life visuals. HDR support improves contrast and brightness, bringing additional depth to images and enhancing the overall gaming experience.

Next-Gen Console Compatibility

The INNOCN 25G2S is compatible with next-gen gaming consoles like PlayStation 5 and Xbox Series X, featuring two HDMI 2.1 ports and a DisplayPort 1.4 for native 1440p resolution at 240Hz. The built-in 2W speakers offer basic audio, while the Private Audio Zone improves headphone sound for a more immersive experience.

Comfort During Long Gaming Sessions

The 25G2S includes several features to enhance comfort during extended gaming sessions. A Blue Light Filter and Flicker-Free technology help reduce eye strain, while the adjustable brightness and color temperature settings ensure an optimal viewing experience in various lighting conditions. The monitor also offers ergonomic tilt adjustments and VESA mounting compatibility for flexible installation.

Thoughtful, Ergonomic Design

Designed with both performance and aesthetics in mind, the INNOCN 25G2S features an ergonomic stand that allows users to adjust the monitor to their preferred viewing angle. Its sleek, modern design fits seamlessly into any gaming or work environment.

The INNOCN 25G2S is now available on [Amazon](https://www.amazon.com/dp/B0DSPLKKZV), providing gamers with a high-performance monitor at an affordable price.

Special Launch Promotion
