

A&D Medical Named 2025's #1 Pharmacists Recommended Brand for Blood Pressure Monitors – Again

MISSISSAUGA, ON, CANADA, April 17, 2025 /EINPresswire.com/ -- A&D Medical, a global leader in connected health and biometric monitoring solutions, is proud to announce that it has once again been named the #1 Pharmacists Recommended Brand of Home Blood Pressure Monitors for 2025 in Canada.

We're honoured to be recognized once again by the pharmacy community. Pharmacists play a vital role in patient health, and their support reflects our commitment to innovation, quality, and care."

*Lorna Murphy, Sales Director
at A&D Medical*

This prestigious recognition is based on a national survey conducted by an independent research firm, where pharmacists across Canada consistently identified A&D Medical as their top choice. The award underscores the brand's ongoing commitment to clinical grade accuracy, ease of use, and trusted performance in both home and professional settings.□

A&D Medical has earned a reputation for delivering accurate and reliable blood pressure monitors that meet the evolving needs of healthcare professionals and consumers. With a strong focus on user-friendly

technology and clinical grade accuracy, A&D Medical continues to be a trusted partner in supporting heart health.□

As part of its award-winning product lineup, A&D Medical offers a new enhanced range of blood pressure monitors designed to meet every user's needs:□

[UA-660CN](#) ONE TOUCH – \$59.99□

An easy-to-use, affordably priced unit perfect for consumers seeking a traditional monitor. It provides quick, accurate readings at the touch of a button, displays the average of the last three measurements for more consistent data, includes a wide-range cuff that fits most arms, and comes with a convenient carrying bag.□

[UA-770CNBLUE](#) MULTI USER BLUETOOTH® – \$79.99□

Designed for those who want a more advanced experience, this Bluetooth® model supports multiple users and ensures trusted accuracy with integrated movement detection. It displays the

average of the last three measurements, includes a wide-range cuff, and comes with a convenient carrying case.□

[UA-1040TCNBLUE](#) VOICE GUIDED BLUETOOTH® – \$109.99□

A premium option ideal for users—including those who are visually impaired—thanks to its voice-guided instructions and results available in English, Spanish, and French. The TriCheck™ feature automates three sequential measurements and averages them according to clinical guidelines. With advanced cuff fit detection and movement detection, users get precise and consistent readings. It also includes a wide-range cuff and a convenient carrying case.□
