

Meyer Lab Launches BlackOut—A Revolutionary Asphalt Remover for the Paving Industry

BlackOut by Meyer Lab is a powerful, eco-friendly asphalt remover that boosts efficiency and protects equipment from build-up and downtime.

BLUE SPRINGS, MO, UNITED STATES, April 17, 2025 /EINPresswire.com/ -- Meyer Laboratory, LLC, a national leader in industrial cleaning chemical solutions, is proud to announce the launch of its newest innovation—[BlackOut](#), a next-generation asphalt remover designed to dramatically improve equipment maintenance and operational efficiency in the asphalt industry.

Blackout—A premium asphalt remover by Meyer Laboratory, LLC

BlackOut is a fast-acting, spray-on solution that effectively adheres to all types of asphalt equipment, including drag slat conveyors, cross transfers, chop gates, mixing drums, pavers, rollers, and other material handling equipment. The product's unique formulation enhances dwell time, rinses easily, and forms a protective layer that helps prevent future build-up of asphalt, tack, and emulsion.

“

Meyer Lab has always been committed to delivering cutting-edge solutions that not only solve problems but also drive performance.”

*Mike Miller, President of
Meyer Lab*

“Meyer has always been committed to delivering cutting-edge solutions that not only solve problems but also drive performance,” said Mike Miller, President of [Meyer Lab](#). “BlackOut is a game-changer for professionals in the asphalt industry. It offers an unmatched combination of

power, efficiency, safety, and environmental responsibility.”

BlackOut is engineered for high performance across a wide range of applications and user skill

levels. Whether customers are seasoned professionals or new to asphalt maintenance, BlackOut simplifies the removal of hardened residue while promoting long-term equipment health. The result: increased efficiency, minimized downtime, and measurable cost savings.

This product launch marks another significant milestone in Meyer Lab's mission to deliver innovative, sustainable solutions that meet the evolving needs of its industrial partners.
