Addressing Financial Pressures Faced by Maryland's SMEs

1. Insufficient in-house financial expertise to manage evolving AP/AR complexities.

2. Elevated processing costs due to reliance on manual data entry and invoice handling.

3. Higher likelihood of accounting errors resulting in late payments or uncollected receivables.

4. Limited real-time visibility into cash flow, vendor dues, and customer receivables.

5. Lack of dedicated resources for audit readiness, regulatory compliance, and financial reporting.

6. Difficulty scaling accounting operations in line with business expansion.

IBN Technologies: Why It's the Smarter Choice

While many Maryland businesses still rely on legacy systems or internal accounting teams, these models often introduce inefficiencies, rising costs, and compliance risks. IBN Technologies outsourced Accounts Payable services and Accounts Receivable services offer a modern, result-driven alternative.

- Integrated Financial Control – Streamlined Accounts Payable and Receivable systems designed for 99% accuracy, reducing discrepancies and ensuring seamless transaction management.
- Robust Data Protection – Backed by globally recognized certifications such as SOC 2, ISO 27001, and GDPR, offering top-tier security for sensitive financial information.
- Significant Cost Reduction – Achieve up to 50% in operational savings by outsourcing to IBN Technologies, enabling companies to reallocate capital toward strategic growth areas.
- Around-the-Clock Expertise – Benefit from continuous access to seasoned finance professionals across time zones, eliminating the downtime and limits of traditional office-based teams.
- End-to-End Compliance Assurance – Maintain full adherence to evolving tax laws, financial reporting standards, and data privacy regulations with built-in compliance protocols.

These capabilities establish the company as a trusted financial ally for SMEs, offering scalable, secure, and performance-driven solutions. Through precision-driven processes, enhanced data security, and cost-efficient service delivery, the company is reshaping the future of financial

In-House AP vs. Outsourced AP

Which Is Better for Your Business?

 TIME SAVED	 COST BENEFITS	 EFFICIENCY
In-House AP: Manual data entry and processing take up hours each week. Outsourced AP: Automation and expert teams reduce processing time by up to 70%.	In-House AP: Higher costs due to salaries, software, and potential errors. Outsourced AP: Save up to 50% on operational costs with fewer errors and optimized workflows.	In-House AP: Prone to manual errors and delays in approvals. Outsourced AP: Increased accuracy, faster approvals, and real-time updates for better control.
