About the Cornell Art Museum

The Cornell Art Museum is housed within the original Delray Elementary School building, which was built in 1913. The Museum hosts several curated fine art exhibitions each year featuring notable regional, national and international artists. It also has a Museum Store displaying original works by regional artists. The City of Delray Beach purchased the historic building on the Old School Square campus from the Palm Beach County School District in 1987. The building was named after benefactors George and Harriet Cornell in 1990, before being renovated in 2017 through the generous support of Margaret L. Blume.
