

Aucto Announces Online Auction of All Assets From Desert View Power Plant

The assets of Desert View Power Plant, a 45MW biomass facility in Mecca, California, are being auctioned off on Aucto.com.

MECCA, CA, UNITED STATES, April 15, 2025 /EINPresswire.com/ -- [Aucto.com](https://www.aucto.com), the leading marketplace for pre-owned industrial assets, is announcing the liquidation of all assets of Desert View Power Plant located in Mecca, California. The facility, which was originally commissioned in 1992 was idled in 2024. Annually, Desert View Power Plant produced over 325,000 megawatt-hours (MWh) of electricity, enough to power more than 49,000 homes. It operated two GE circulating fluidized bed boilers and an ABB 45MW steam turbine generator. The facility processed between 360,000 and 390,000 tons of woody biomass each year, including urban wood waste and agricultural byproducts, converting these materials into renewable energy.

This complete plant liquidation presents a unique opportunity for buyers to acquire well-maintained power generation equipment, mobile machinery, electrical infrastructure, spare parts inventory and maintenance equipment which was formerly used in plant operations. Nearly 200 pieces of

Desert View Power Plant Auction

Desert View Power Plant Auction Mobile Equipment

Desert View Power Electrical

equipment will be auctioned off on April 29th.

Featured equipment in the sale include:
