

Earth Day Miami: Innovation meets Sustainability

DANIA BEACH, FL, UNITED STATES, April 14, 2025 /EINPresswire.com/ -- [The ECO Channel](https://www.theecochannel.com) will host its 5th Annual ECO-summit at the DCOTA building in Dania Beach on Tuesday, April 22, from noon to 7 p.m. featuring talks, interactive workshops, and practical tips to celebrate and protect the planet.

Sponsored by FPL, UNA Broward and Broward County, this gathering is a unique opportunity to connect with a sophisticated audience of "Green" movers and shakers, investors and global leaders.

The summit will include eco-conscious exhibitors, impact investors, dignitaries, an upcycled/recycled fashion, and a special performance by the Florida Grand Opera as well as a Wellness recharge area.

Also planned is the world premiere unveiling of the soccer World-Cup-USA ball. (And famed player Lionel Messi may just show up to sign it.) This unique trophy already signed by Gianni Infantino, president of FIFA, Richard Attias (chairman of FII Institute, former executive producer of the Davos forum) Princess Reema Bandar Al-Saud (US Saudi Embassy) and Cecilia Attias (former First Lady of France) will then be auctioned before the start of the games. We expect additional players to attend and add their signature to this historic ball.
