

# Cubhub Roars Into IDD Services with TaskMaster Pro Acquisition

*Cubhub strengthens its Medicaid-based platform and enters IDD space with the acquisition of TaskMaster Pro, expanding its home care tech footprint.*

FORT WORTH, TX, UNITED STATES, April 15, 2025 /EINPresswire.com/ --

Cubhub, a leading provider of Medicaid-focused home care software, has acquired TaskMaster Pro (TMP), a trusted software platform for Intellectual and Developmental Disabilities (IDD) service providers across the United States. This acquisition bolsters both companies by combining deep industry expertise, innovative technology, and specialized solutions for Medicaid-based care providers — allowing them to leverage one platform for multiple service lines.

Cubhub and TaskMaster Pro join forces to expand software solutions for IDD and Medicaid home care providers.

Founded by former industry providers who built software to solve Medicaid-focused challenges, both Cubhub and TMP have a shared mission to empower providers with purpose-built tools that drive efficiency, compliance, and financial sustainability. With this acquisition, TMP customers will benefit from Cubhub's leadership in enterprise-level revenue cycle management and electronic visit verification (EVV), ensuring seamless Medicaid billing and operational workflows.

Additionally, TMP's team brings decades of experience in IDD-focused care technology and will play a key role in expanding and enhancing Cubhub's offerings.

"This is a strong step toward the future for TaskMaster Pro and our customers," said Larry Hill, Founder of TMP. "Cubhub understands the challenges providers face, and their expertise in EVV

and Revenue Cycle Management will bring new strengths to our product and clients.”

Cole Ballweg, CEO of Cubhub, added, “I am thrilled to welcome TaskMaster Pro into the Cubhub family. We are bringing in some great people who really know the IDD space, and they are going to benefit from Cubhub’s expertise in RCM, EVV, mobile technology, and data. The story almost writes itself. Companies that serve a Medicaid population, whether it is the majority of their business or not, are going to love where we are going.”

“

We’re combining the best of both worlds—IDD expertise and Medicaid innovation—to build smarter tools for providers serving our most vulnerable communities.”

*Cole Ballweg, CEO of Cubhub*

**Better data. Better outcomes. Better lives.**
