

# Pre-orders for the 1/3 Scale 'Aliens vs. Predator: Requiem Wolf Predator' Statue Began April 17, 2025

*Prime 1 Studio has announced the "Aliens vs. Predator: Requiem Wolf Predator" statue. Pre-orders began April 17, 2025 (JST); release set for October 2026.*

ASAKUSA, TAITO-KU, TOKYO, JAPAN, April 21, 2025 /EINPresswire.com/ -- Wolf Predator from "AVP: Aliens vs. Predator – Requiem" joins the Real Elite Masterline series. This is Prime 1 Studio's eighth 1/3 scale Predator statue release.

The pose is based on the character's appearance in the film. Two interchangeable head parts are included: a bio-mask engraved with Yautja language and an unmasked head featuring a damaged single eye. The body surface patterns and weathered equipment details are carefully reproduced. The statue also features LED light-up functions in various areas.

The custom base includes a defeated Warrior Alien. Its exoskeleton is painted in a dark metallic gray, and its acidic blood is recreated using clear resin.

The DX Bonus Version includes a variety of additional parts: a combi-stick, shuriken, plasma pistol, whip, dissolving liquid, a roaring unmasked head, and a head stand. A version-exclusive plasma pistol with a stand is also included as a special part.

Additionally, customers who purchase this product along with a qualifying item will receive a damaged bio-mask as a Patron Bonus.
