

# Stitch PEO and TeleVox Collaborate to Enhance HR and Workforce Management for Healthcare Practices

BRENTWOOD, CA, UNITED STATES, April 16, 2025 /EINPresswire.com/ -- [Stitch PEO](#), the only professional employer organization (PEO) built specifically for healthcare providers, is excited to announce a strategic partnership with [TeleVox](#), the industry-leading provider of omnichannel patient relationship management (PRM) platforms. This collaboration will empower healthcare organizations by combining robust HR, payroll, and benefits administration services with TeleVox's digital patient engagement solutions.

Through this partnership, healthcare practices using TeleVox will gain access to Stitch PEO's comprehensive workforce solutions, allowing them to optimize administrative functions, maintain compliance, and enhance employee satisfaction while continuing to deliver high-quality patient care. By reducing the burden of HR complexities, healthcare organizations can improve operational efficiency and dedicate more time to patient engagement.

"At Stitch PEO, we recognize that healthcare practices need streamlined, reliable workforce management solutions that support both their staff and their patients," said Rajesh Voddiraju, CEO and Founder of Stitch PEO. "By joining forces with TeleVox, we're providing medical organizations with a powerful combination of workforce support and patient communication tools, helping them run more efficiently and improve patient outcomes."

#### About Televox

TeleVox is a leading provider of omnichannel digital patient relationship management technology. Our solutions are used by more than 7,000 healthcare organizations—from hospitals and health systems to community health centers—to engage, educate, and empower patients throughout their care journey. Our patient relationship management platform integrates with the electronic health record (EHR) to support automated, personalized, two-way interactions with patients. And our pharmaceutical team partners with life science companies to develop strategic disease state awareness, education, and vaccination reminders by reaching more patients through customized communication. All of these exchanges are possible via text, virtual assistant, interactive voice response (IVR), email, and postcards. For 30 years, TeleVox has helped preserve care continuity, reduce the operational burden on staff, and drive revenue while making the healthcare communication process easier for everyone. TeleVox is part of West Technology Group, LLC controlled by affiliates of certain funds managed by Apollo Global Management, Inc. (NYSE: APO).
