‘World of Travel, Trade & Taste Expo 2025’ will bring together the world’s most unique tourism destinations and global trade products promoting a sustainable living for a sustainable future.”

Expo Organizer

The Mediterranean Pavilion will become a hub where business meets culture, tradition meets innovation, and opportunities meet global markets.

Mediterranean companies, Chambers of Commerce, institutional and business organisations, and ambassadors will participate in the Pavilion through different conferences and networking sessions.

The Association of the Mediterranean Chambers of Commerce and Industry (ASCAME) takes a step further to

unlock the potential for cooperation between the Mediterranean region and Canada. After the success of the first edition of the ‘Mediterranean-Canada Business Forum’ held in October 2024 in Barcelona, in the framework of MedaWeek 2024, ASCAME gives all its members and partners a new opportunity to promote their presence in the Canadian market. They will have the chance to participate in the Mediterranean Pavilion, which will be held at the [World of Travel](#), Trade & Taste Expo 2025 at the Metro Toronto Convention Centre (Toronto, Canada), from the 30th to the 31st

of May.

This initiative, led by ASCAME in collaboration with Euromed Group and the Canadian Chamber in Italy, offers a unique opportunity to Mediterranean institutions, associations, companies, and professionals to seek a strategic entry into the Canadian market. All of them will have the opportunity to attend conferences where experts from different institutions, companies and countries will share their insights and recommendations to access the Canadian market, apart from talking about cooperation opportunities between both regions and the potential sectors to invest, such as AI and IoT. In addition, there will be a special session to explore synergies with the French-speaking market, which will be carried out thanks to the collaboration of the French-speaking, European and African Chambers of Commerce that are present in Canada, as well as different government agencies.

On the other hand, the Mediterranean Pavilion will become a unique setting to foster lasting connections and create invaluable partnerships with Canadian counterparts. Attendees will benefit from exclusive networking opportunities, including B2B meetings and sector-specific presentations.

The 'World of Travel, Trade & Taste Expo 2025' will bring together the world's most unique tourism destinations, global trade products, and investment opportunities to meet and conduct business with the world's leading industry experts from all business sectors promoting sustainable living for a sustainable future.
