

Chasing Tales (Adventures in Learning) – A Delightful, Educational Anthology for Young Readers

SAN FRANCISCO, CA, UNITED STATES, April 16, 2025 /EINPresswire.com/ -- Children's author [Christine J Logan](#) announces the release of her newest book, [Chasing Tales \(Adventures in Learning\)](#), a whimsical and thoughtful children's anthology filled with humor, curiosity, and heart. Brimming with imaginative storytelling, colorful characters, and life lessons tucked into every page, Logan's latest work is a powerful testament to the joy of learning through stories. The book is now available through Amazon and other major booksellers.

Aimed at young children, parents, teachers, and guardians, Chasing Tales (Adventures in Learning) captures the essence of childhood exploration. Logan's unique approach to storytelling blends vibrant imagination with real-life learning experiences, offering three distinct stories that open windows into the natural world, empathy, and the power of kindness.

In *What Should Hootie Do?*, Logan uses her granddaughter's humorous observation—"pooping out of their mouths"—to teach readers about owl pellets and how owls regurgitate indigestible bones from their prey. Through this tale, children are gently introduced to biological facts and the role owls play in maintaining a balanced ecosystem. The story encourages curiosity about animals and nature, sparking early interest in environmental education.

In *Holy Fruit Toots, Rosie!*, readers follow a lively adventure that underscores the idea that allergies don't just affect people, our pets can experience them too! With a joyful spirit and memorable dialogue, Rosie's story invites young readers to think compassionately about the needs and well-being of animals. Children will not only laugh at Rosie's "fruit toots" but also gain a better understanding of pet care and the importance of food awareness.

The third story, *Because You Care for Beany Bear*, is a heartfelt journey of an orphaned bear cub

in search of food, shelter, and friendship. This narrative weaves in key messages about compassion, generosity, and inclusion. Beany Bear's journey helps young readers reflect on how acts of kindness can create safe, welcoming communities where everyone feels loved and accepted.

Threaded through each of the three stories is Lil' Ostry, a friendly ostrich who playfully chases the three main characters of each tale right into their respective subtitle pages. This recurring character not only adds a sense of unity across the stories but also enhances the fun, engaging atmosphere that defines the book.

Christine J Logan's *Chasing Tales* stands out not only for its educational value but also for its emotional resonance. As a self-published author with seven books and three coloring books to her name since 2011, Logan writes from a place of lived experience and heartfelt purpose. Her stories are inspired by her grandchildren, their pets, and their favorite stuffed toys—an intimate and imaginative perspective that brings warmth and authenticity to every page.

What truly makes *Chasing Tales* unique is its ability to transform real-life observations and childhood curiosity into joyful, teachable moments. Each story is designed to be fun, interactive, and educational, promoting a positive learning experience without ever feeling didactic. The stories are complemented by bright and colorful illustrations, carefully designed to evoke both laughter and emotion. Logan's storytelling emphasizes the value of learning in everyday life—how even small observations can lead to big discoveries when children are encouraged to ask questions and explore the world around them.

Christine's personal journey adds depth and sincerity to her work. Having grown up in social services until the age of 18, she learned early on the value of kindness, resilience, and service. Her life was marked by difficult lessons, but the kindness of others, especially when offered without conditions, left lasting impressions. Logan carries this spirit into her writing, infusing each story with messages of hope, understanding, and the belief that every child deserves to be heard and valued.

"My independence and creativity have brought me farther than I could have imagined," Christine shares. "Faith, hard work, and the guiding words of my aunt, 'If you want what you've never had before, you must do what you've never done before'—pushed me to grow beyond my circumstances. Today, supporting others, especially through my work as a residential counselor for individuals with different abilities since 2008, is a core part of who I am."

Readers across the globe have already responded with overwhelming positivity to *Chasing Tales* and its related works. From India to Canada, glowing five-star reviews highlight the charm, humor, and heartfelt storytelling of Logan's books. One reviewer from India described the book as "such an awesome read," praising its interactive style and stunning illustrations. In Canada, Sandra Wilson wrote, "Rosie learned a lesson about food, and so did we! Lots of giggles and a wonderful connection for kids to make!" Another reviewer noted how the book made little ones

laugh, expressing that it's the kind of story their now-grown children would have begged to hear repeatedly.

Through *Chasing Tales (Adventures in Learning)*, Christine J Logan gives parents, educators, and children a meaningful tool to explore empathy, biology, wellness, and friendship in a fun and accessible way. Whether it's a giggle at Rosie's fruit-fueled antics or awe at learning what owls do with bones, children are bound to fall in love with these charming characters and the lessons they learn along the way.

Perfect for early readers and ideal for bedtime stories, classroom read-alouds, or family bonding moments, *Chasing Tales* is a delightful addition to any child's library. Logan's use of humor, personal connection, and educational insight sets her apart as a children's author with something truly special to offer.

[About the Author:](#)

Christine J Logan is a self-published children's book author based in British Columbia, Canada. Since 2011, she has written and published seven books and three coloring books. She has received awards for her poetry and consistently earns five-star reviews for her storytelling. With a career rooted in service—from food service and cashier roles to her current position as a residential counselor—Christine brings compassion, creativity, and a passion for helping others into every story she tells.
