

# Why Local Matters: Melbourne Pharma Brings Personalized Compounding Pharmacy Services to the Space Coast

*Melbourne Pharma delivers personalized, locally made medications with better doctor collaboration, privacy, and faster service to the Space Coast.*

MELBOURNE, FL, UNITED STATES, April 22, 2025 /EINPresswire.com/ -- Why Local Matters: [Melbourne Pharma](#) Brings Personalized Compounding Pharmacy Services to the Space Coast

Melbourne Pharma is stepping up to offer patients a more personalized approach to healthcare.

Most pharmacies and healthcare plans rely on one-size-fits-all treatments that may not be optimal for you or your family. Melbourne Pharma offers affordable personalized medications designed to your individual health needs as determined by you and your doctor, not a 'for-profit' insurance company.

## Advantages of Choosing a Local Compounding Pharmacy

**Personalized Medications!** The science of compounding allows us to make an ideal medication specifically for you, with the ingredients your doctor chooses. Your medication will be made in the USA in our new state-of-the-art lab in Melbourne, FL.

**Better Doctor-Pharmacist Collaboration!** Education is a core value at Melbourne Pharma. Our pharmacists attend the same medical education programs as researchers and doctors, earning us the knowledge needed to collaborate with both you and your prescriber to adjust and refine prescriptions, leading to better outcomes.

New Therapies-Medical research is often years ahead of the current trends in care. Compounding can often allow the latest treatments to be made available today.

Fewer Shortages-Melbourne Pharma compounds medications on-site in Melbourne, Florida, USA, reducing reliance on international supply chains.

Convenient Service- Your order will be processed quickly and conveniently shipped to your home. Local patients can also pick up directly from the pharmacy.

Your Privacy Matters-Healthcare plans and insurance companies manage your healthcare by monitoring your medical records. Melbourne Pharma does not participate in private or public health plans, so your information is always kept confidential.

“We believe that patients deserve affordable, high-quality medications designed specifically for them, not just what’s available on their health plan,” said Mike Boehmer, R.Ph., President and Founder of Melbourne Pharma. “Our goal is to strengthen the relationship between doctors and patients and maximize your daily wellness.”

For more information on Melbourne Pharma and its services, please call 833-655-7500, visit <https://melbournepharma.com/>, or simply stop by our local Pharmacy, Mon-Fri 9:00am – 5:30pm, at 2235 S Babcock St. Melbourne, FL 32901.
