

MDLifespan Physicians Lead CME-Accredited TPE Workshop and Live Demonstration at AMMG 2025

Leaders in toxins, Therapeutic Plasma Exchange and regenerative medicine educate peers on integrating Therapeutic Plasma Exchange into clinical practice.

MIAMI, FL, UNITED STATES, April 22, 2025 /EINPresswire.com/ --

[MDLifespan](#), the nation's first physician-led brand dedicated exclusively to toxin removal using TPE and regenerative wellness patent-pending protocols, will deliver a featured clinical workshop and live demonstration at the 2025 Age Management Medicine Group (AMMG) Conference, taking place April 24–27 at the Trump National Doral in Miami, Florida.

As part of the CME-accredited curriculum, MDLifespan Founder and CEO Dr. Paul Savage and Medical Director Dr. Janet Eng will lead a half-day educational workshop introducing fellow age management physicians to Serial Therapeutic Plasma Exchange (TPE)—a groundbreaking tool in age management and personalized medicine for reducing toxic burden and addressing chronic inflammation.

“TPE is not just a detox—it’s a clinical strategy for root-cause resolution,” said Dr. Savage. “Our workshop is designed to empower forward-thinking physicians and medical professionals with the protocols, safety frameworks, and evidence to deliver measurable results.”

Workshop Highlights: Thursday, April 24 | 1:30 – 5:30 PM

1:30 – 2:15 PM

Therapeutic Plasma Exchange: History, Evidence Basis for Use & Clinical Applications

Dr. Paul Savage, MD, FACEP, FAARM

Explore the clinical evolution of TPE—from hospital origins to its modern-day use in managing

Our TPE workshop is designed to empower forward-thinking physicians and medical professionals with the protocols, safety frameworks, and evidence to deliver measurable results.”

Dr. Paul Savage, founder and CEO of MDLifespan

toxins, autoimmune conditions, and inflammation.

2:15 – 3:00 PM

Toxicology in a Nutshell

Dr. Janet Eng, DO

A practical, engaging overview of environmental and biological toxins—what they are, where they come from, and how they impact patients' systems.

3:45 – 4:30 PM

Case Presentations with Interactive Discussion:
Therapeutic Plasma Exchange

Dr. Janet Eng, DO

Real-world cases and outcomes with open Q&A, offering insight into patient impact, treatment decision-making, and clinical best practices.

4:30 – 5:30 PM

Qualifying Patients for TPE

Dr. Paul Savage, MD, FACEP, FAARM

Walk through the screening, selection, and safety processes to confidently introduce TPE into your practice.

Live TPE Demo + Expert Q&A – Friday, April 25 | 5:30–6:30 PM | Rose Room

Join the MDLifespan physician and nurses for a non-CME video demonstration and interactive Q&A. Attendees will witness the TPE process step-by-step, with time to ask questions and explore patient experiences, implementation logistics, and real-world outcomes.

“The fact that MDLifespan physicians are now teaching other doctors reflects the strength of our clinical protocols and the rising demand for TPE in personalized care,” said Dr. Eng. “This is a pivotal moment for functional and regenerative medicine.”

About MDLifespan

Founded by Dr. Paul Savage and supported by a nationally renowned team of physicians including Dr. Pamela W. Smith and Dr. Edwin Lee, MDLifespan is the only practice solely dedicated to TPE for health optimization. With over 300 procedures performed in the past year alone, the team continues to push the boundaries of what's possible in regenerative medicine.
