The designation of “Best Senior Living” is awarded to only those communities that satisfy U.S. News' rigorous, data-driven standard, based on independent surveys that evaluate key aspects of the resident experience, from care and enrichment to sense of home and overall satisfaction. Fewer than half of the 3,800+ communities evaluated earned a "Best" designation.

In addition to the “Best” badges, several GenCare communities earned new “High Performing” distinctions, signifying placement in the top 25% nationally for

excellence in caregiving, enrichment, and quality of life.
