

AURA DISPLAYS Introduces First-Ever Single-USB Triple Laptop Monitor

Aura Displays, has announced its latest technology: the Triple Boost 14 Pro, the industry's first-ever portable triple screen laptop extender...

DELAWARE, DE, UNITED STATES, April 23, 2025 /EINPresswire.com/ -- Aura Displays, a global leader in portable monitor solutions, has announced its latest technology: the Triple Boost 14 Pro, the industry's first-ever portable triple-monitor extension specifically designed for laptops and powered entirely through a single USB cable. Leveraging the exclusive Tri-Link™ Technology.

Meet the Triple Boost 14 Pro Featuring Advanced Tri-Link™ Technology

A New Standard in Laptop Productivity

As remote work becomes increasingly prevalent, laptop users worldwide seek enhanced multitasking capabilities without sacrificing portability. The Triple Boost 14 Pro directly addresses these needs as a triple portable monitor solution specifically designed for laptops, eliminating the inconvenience of multiple cables and separate power sources typical in traditional setups.

Aura Displays' proprietary Tri-Link™ Technology utilizes an advanced SiliconMotion chipset, expertly optimized by the company's engineers to power three FULL-HD high-definition screens seamlessly from one USB connection. This represents a significant leap forward in efficiency and convenience for laptop users demanding extensive screen real estate without compromising mobility.

Premium Design and Durability

Crafted entirely from premium, full-aluminum materials, the Triple Boost 14 Pro ensures robust durability while remaining lightweight and portable. Each of the three screens provides a crisp 14-inch Full HD display, delivering exceptional clarity and vibrant visuals. It is ideally suited for digital professionals, creatives, and remote workers who rely on detailed multitasking capabilities on their laptops, wherever their workspace might be.

The Ultimate [Triple Screen Laptop Extender](#)

Purpose-built as an efficient laptop workspace extension, the Triple Boost 14 Pro is the ultimate triple screen laptop extender. Professionals across fields such as graphic design, financial analysis, software engineering, and more will significantly benefit from enhanced productivity, clarity, and workspace organization, free from the clutter and inconvenience of additional cables and adapters.

Product size (3 screens folded): 8.19-in (208mm) height x 13.9-in (353mm) width x 1.38-in (35mm) thick

Product weight: 4.7lbs (2.2kg)

Display size: 3x 14" LED (matte) FULL-HD 1080p

Brightness: 300cd/m²

Contrast: 1500:1

Colors: 16.7 million colors (100% sRGB)

Refresh rate: 60hz

Aspect ratio: 16:9

Visual angle: 178°

Aura's Mission: Empowering Remote Work

Aura Displays is committed to empowering professionals globally, supporting flexible and efficient remote working environments. The launch of the Triple Boost 14 Pro underscores the company's ongoing dedication to pioneering portable monitor solutions specifically for laptops, continually redefining productivity standards and workspace flexibility.
