

TradersYard launches free trading tournaments to help aspiring traders experience financial markets without risk

New "Survivor Showdown" Tournament Inspired by Viral Challenge Concepts Offers Cash and Prop Trading Prizes — Sponsorship Opportunities Now Available

VIENNA, AUSTRIA, April 24, 2025

/EINPresswire.com/ -- TradersYard, the award-winning platform transforming how traders enter the world of proprietary trading, is excited to announce its free trading tournaments every second week (Trading Grand Prix, Crypto Cup, Easter Bunny Battle,

Workers Day Hustle, etc...), designed to give aspiring traders the chance to prove their skills and gain access to funded accounts — all at zero financial risk.

TradersYard Survivor ShowDown

“

We believe that every trader deserves a fair chance to enter the financial markets. Our tournaments offer a trading-sandbox where you can expand your skills and increase your chances of success.”

Manuel Sonnleithner

Each tournament is completely free to join and allows participants to compete in a professional trading environment. The top 10 traders of the tournament win prop trading accounts totaling USD 205,000, empowering them to take their trading to the next level without risking personal capital.

As a special highlight, TradersYard presents its most ambitious event to date: the [“TradersYard Survivor Showdown”](#), which will take place from June 9 to 18.

Inspired by viral challenge formats and survival-style competitions, this unique tournament will feature five elimination rounds where only the strongest traders advance.

The last 10 participants will receive a total cash prize of \$5,000 and \$205,000 in prop trading

accounts.

“Our mission is to open the doors of the financial markets to everyone - by making it fun, fair, and accessible,” said Manuel Sonnleithner the CEO of TradersYard. “The Survivor Showdown will challenge not only strategy, but also mental endurance and adaptability — and it’s all risk-free.”

In addition to engaging traders, the platform also offers sponsorship opportunities for companies in the trading and financial services industry.

“We have already received considerable interest in the “TradersYard Survivor Showdown” from brokers and fintech companies who would like to sponsor this event and recognize the value of connecting with an active, engaged trading community,” added Sonnleithner. “It is an ideal opportunity for brands to showcase themselves while supporting the development of traders.”

TradersYard has recently been recognized as the “Best Challenge for Beginners” by AP-News, Benzinga and [Modern Finance Online](#), underscoring its commitment to empowering the next generation of traders.
