“

Our updated resource demystifies the choice between Bermuda and Paspalum, then uses interactive tools to translate that knowledge into a precise quote in under a minute.”

Abdul Razaq, Operations Manager at GP Landscapers

Arab Emirates’ leading residential and commercial turf specialist, has unveiled a major update of its Natural Grass Carpet Installation page, giving homeowners, facility managers and contractors a one-stop hub for selecting, pricing and ordering Bermuda or Paspalum sod. The refreshed page now features an expanded 2025 comparison guide, a free area-calculator, and the region’s first AI-powered grass-recommendation quiz.

“Natural turf is still the gold standard for cooling outdoor spaces in the Gulf, but the wrong variety can double maintenance costs”, said Abdul Razaq, Operations Manager at GPLandscapers.com. “Our updated resource

demystifies the choice between Bermuda and Paspalum, then uses interactive tools to translate that knowledge into a precise quote in under a minute.”

Key enhancements

Comprehensive 2025 Guide. An evidence-based side-by-side of Bermuda and Paspalum covers sun tolerance, salt resistance, recovery speed and lifecycle costs, drawing on GP Landscapers’ field trials and the latest turf-grass research.

Instant Lawn-Area Calculator. Visitors enter simple dimensions—or plot multiple irregular zones—to receive real-time square-meter totals, eliminating guesswork before requesting a quote.

AI-Driven Grass Recommendation. A short quiz analyses shade, foot-traffic and water-conservation priorities to suggest the optimal variety for each micro-climate.

Transparent Pricing. Farm-fresh rolls now start at AED 12/m², with installation bundles from AED 28/m², displayed up-front so customers can budget with confidence. In case people want to [get an lawn sprinkler irrigation system installed](#), they can also do instant calculations and get on the spot quotes, without wait for hours and sometimes days for contractors to get back to them for pricing.

Designed for free public access
The relaunch is timed for the summer landscaping rush and is formatted specifically for open-access. The page uses minimal scripts for fast loading on mobile devices.
