NEW YORK, NY, UNITED STATES, April 24, 2025 /EINPresswire.com/ --

RobinHood Diamonds announced today its support for the annual [Race to Erase MS](#) charity event in Hollywood.

Race to Erase MS is dedicated to finding a cure for Multiple Sclerosis through funding research. The foundation's core program, Center Without Walls, connects a network of the nation's leading MS research centers in collaborative efforts to develop innovative therapeutic approaches. The organization also focuses on raising public awareness about the disease.

The charity was founded by Nancy Davis, who was diagnosed with multiple sclerosis in 1991 at age 33. After being told by doctors that she would be "lucky" to operate a TV remote control, Davis committed to finding a cure. She established Race to Erase MS in 1993, and since then, 26 FDA-approved drugs have been developed to help stop MS progression.
