

Introducing Dornbracht Atelier: Tailored solutions starting at one piece

NEW YORK, NY, UNITED STATES, May 5, 2025 /EINPresswire.com/ --

[Dornbracht](#), a leader in luxury bathroom and kitchen fittings, introduces Dornbracht Atelier – a new initiative that unlocks access to 75 years of design heritage, craftsmanship, and innovation. Dornbracht Atelier offers architects, designers, and interiors enthusiasts an opportunity to bring their custom ideas to life.

Dornbracht Atelier is a hub within the Dornbracht website that allows clients to reimagine the brand's iconic bathroom fixtures and offers access to custom shapes, finishes, materials, and sizes to create a one-of-a-kind piece. Whether collaborating with in-house experts or trusted design partners, customers can expect tailor-made solutions that reflect their personal vision.

The array of capabilities range from custom engravings and handles to specialty materials and finishes. Among other things, Dornbracht Atelier makes exclusive handle variations with unusual materials possible. Customers can bring in their own material requests or incorporate velvet, leather, eggshell or feathers into the design concept for their bathroom. For instance, clients can integrate preferred materials into their fixtures to match or extend a bathroom's design scheme—making every detail count.

Design Without Limits

The Atelier's capabilities are showcased through several standout pieces. One example, inspired by a swan mid-flight, features fluid lines and precise craftsmanship, highlighting the beauty of personalization.

Other examples include:

Dornbracht Atelier Century Swan

- Vaia in Shell Finish: A striking black-and-white design that reimagines the classic chequerboard with modern flair and meticulous detailing.
 - Tara in Velvet and Gold: This bold design pairs soft matte textures with high-gloss finishes, creating both visual and tactile contrast.
 - CYO with Leather Framing: A luxurious combination of craftsmanship and elegance, where rich leather gives the fitting an added sense of timelessness.
 - Vaia with Eggshell Mosaic: Made with recycled eggshells, this sustainable option offers an organic texture and unique, nature-inspired finish—customizable to the client's liking.
- Each design pushes creative boundaries in bathroom fittings, demonstrating Dornbracht's commitment to both innovation and individuality. Dornbracht Atelier stands as a tribute to the brand's legacy, while embracing the future of custom design. With its combination of expert engineering and creative freedom, the Atelier enables clients to create pieces that are not only functional but truly exceptional.
