Great American Media CEO and President Bill Abbott is honored to help launch "The All-American Book Club" lineup for Military Appreciation Month. Bill stated, "Having heard my father's stories of his time during World War II, I wanted Great American Media and [Great American Family](#) to capture the faith, family, and freedom stories that truly make this country great. The 'Greatest Generation' didn't always share their stories, and it's our duty to share them for the next generations to understand their sacrifices for our freedom today."

Gary Sinise, Gary Sinise Foundation - For over 40 years, Gary has stood as an advocate on behalf of America's service members. It began in the early '80s, supporting local Vietnam veterans groups in the Chicago area, and into the '90s, when his portrayal of Lt. Dan formed an enduring connection with service members throughout the military community as he worked on behalf of the Disabled American Veterans organization, which he continues to actively support today.
