

ProSat Networks Expands Coverage for Starlink Installation in Arizona

ProSat Networks 1-844-799-0258 offers Starlink installation services in Arizona for businesses, homeowners, mobile vehicles & Starlink maritime for boats in AZ.

CAREFREE, AZ, UNITED STATES, April 29, 2025 /EINPresswire.com/ -- ProSat Networks, a professional Starlink installation and IT network infrastructure services company for Starlink commercial business customers, residential homeowners, Starlink maritime for boats and mobile vehicles, announced that through its recent acquisition of Pro Starlink Installers (Q1-2025) they will now be expanding [Starlink installation services](#) throughout Arizona.

A spokesperson at ProSat Networks stated: "As Arizona continues to bridge the digital divide Starlink is delivering reliable high-speed broadband internet to Arizona in urban and rural communities. Arizona fiber-backed ISP customers are experiencing network slow-downs daily, especially Monday through Friday in the mid-afternoons and other high-traffic times that just don't affect Starlink users.

“

Starlink is Truly a Game Changer”

we keep hearing from customers

"The download & upload speeds that we document on every Starlink installation in Arizona are almost always showing incredibly fast data transfer rates."

Traditionally good data transfer speeds for high-speed broadband internet are at least 100Mbps down(load), and

Starlink Installation Services Arizona

Starlink App Speed Tests Arizona

at least 10 Mbps up(load). Starlink in Arizona is surpassing these speeds by doubling and tripling them daily.

This recent merger allows ProSat Networks expand service offerings in Arizona to include IT network infrastructure, structured low-voltage data cabling (fiber optic & copper such as Cat5, Cat6 cabling), marine cameras & security camera systems, access control, advanced WiFi networks including P2P (point-to-point) WiFi, and end-to-end IT network integrations that include Starlink.

A promotional banner for Starlink Arizona Business Installation. The banner features the Arizona state flag on the left, the text "STARLINK ARIZONA BUSINESS INSTALLATION IN AZ" in the center, and the ProSat Networks logo on the right. Below the text are four images: a Starlink dish on a roof, a Starlink dish on a tripod, a Starlink dish on a mobile vehicle, and a server rack. At the bottom, there are contact details: a phone icon with "1-844-799-0258", a globe icon with "https://starlinkinstallationservices.com", and an email icon with "contact-us@starlinkinstallationservices.com".
