This experience includes large high-definition screens, new shareable [menu](#) items, rotating beverage specials, and access to the brand's [award-winning burgers](#) and CrazyShake® milkshakes.

The Dallas restaurant now features multiple big screens positioned throughout the space. Guests can watch major sporting events, including professional football, basketball, baseball, college matchups, and international tournaments. With clear views from every seat, the experience is designed to bring people together for game time.

To match the live sports programming, the restaurant has introduced a menu tailored to group dining. In addition to its well-known burger selections, guests can choose from a range of dishes made for sharing. These include crispy chicken tenders, loaded fries, buffalo cauliflower bites, and slider samplers. These dishes are offered alongside Black Tap's craft burgers, known for their flavorful ingredients and consistent preparation.

Drink specials are available during game days and feature selections from local and regional breweries, classic draft beers, and game-inspired cocktails. Options include single pours or pitchers, and group-friendly beverage bundles are available for guests visiting with larger parties.
