

Louisiana Mesothelioma Victims Center Urges the Family of a Journeyman Plumber Who Now Has Mesothelioma or Lung Cancer in Louisiana to Call the Gori Law Firm-Expect Better Compensation Results

NEW ORLEANS, LA, UNITED STATES, May 1, 2025

/EINPresswire.com/ -- The Louisiana Mesothelioma Victims Center says, "We are urging the family of a former journeyman plumber who has just been diagnosed with mesothelioma or lung cancer in Louisiana to make financial compensation one of their top priorities and call the Gori Law Firm at 866-532-2106. The Gori Law Firm is one of the nation's leading mesothelioma and asbestos exposure lung cancer law firms, their lawyers have decades worth of experience assisting people like this and they have an office in New Orleans.

"A journeyman plumber with mesothelioma or lung cancer in Louisiana would have had routine exposure to asbestos on the job-especially if they were working as a plumber before 1983. Almost every type of water pump, pipe insulation, boiler, hot water tank or furnace before the mid-1980s contained asbestos. It would have almost been impossible for a plumber not to encounter asbestos on the job before the mid-1980s. If the plumbing job, as an example, involved a boiler removal-replacement, or water pump replacement back then it would have almost been impossible not to encounter asbestos.

"If your loved one was a journeyman plumber in Louisiana and he now has mesothelioma or lung cancer please focus on compensation and call the Gori Law Firm at 866-532-2106. The Gori

Law Firm has our group's endorsement for people with mesothelioma or asbestos exposure lung cancer in Louisiana." www.gorilaw.com
