

# SALIKE® Group approach the monumental milestone of 10 years in business in the United Kingdom

*As we approach the milestone of 10 years in business, Salike® is reflecting on a decade of success, growth, & dedication to our customers & the environment.*

LONDON, LONDON, UNITED KINGDOM, April 28, 2025

/EINPresswire.com/ -- As we approach the monumental milestone of 10 years in business, Salike® is reflecting on a decade of success, growth, and dedication to our customers and the environment. Since launching in 2015, Salike® – the parent company of UK's largest coir portfolio, CoirProducts.co.uk® – has been at the forefront of the country's gardening industry, transforming the way gardeners view and use coir-based products within the UK. From our first coir-based range to being a trusted partner by the community of growers across the country, our journey has been one of innovation, resilience, and an unwavering commitment to quality.

As we celebrate this achievement, we recognise that our success is built on more than just the products we offer—it's a story of quality, endurance, and the trust we've earned from our customers over the years. For garden centres, eco-conscious consumers, and B2B partners, we're proud to be a brand they can depend on.

A decade of success, growth, and dedication to our customers and the environment.

Salike Limited - Largest portfolio of Coir-based products in the UK

## A decade of innovation

In 2015, Salike® launched with a clear vision: to provide sustainable, high-quality [coir products](#) to UK gardeners. At the time, the industry had limited options, and many were still relying on peat-based products. We saw an opportunity to not only provide an alternative but to lead the charge in creating a range of coir products that would set new standards in the industry.

This commitment to innovation and sustainability has been a cornerstone of our success. We didn't just follow trends; we set them, creating products that were not only environmentally friendly but also highly effective for a wide range of gardening needs. Our coir range, designed to cater to the needs of both hobby gardeners and professional growers, has become a trusted choice across the UK.

## Trusted by the UK gardening community

Over the last decade, we've built strong relationships with garden centres and customers across the UK. Our products have become synonymous with quality and reliability, and garden centres know they can trust CoirProducts® by Salike® to deliver innovative, sustainable solutions that meet their customers' needs. Our dedication to excellence has earned us the respect of the industry, and as we celebrate 10 years, it's clear that our brand is not just another competitor—it's the brand that others look to for inspiration, including competitors. Our resilience in the face of competition, including newer market players, speaks volumes about our unwavering commitment to the quality and sustainability that our customers expect.

## A bright future ahead

As we celebrate this 10-year milestone, we're not just looking back at what we've accomplished—we're looking forward to the future. Our journey has been one of constant innovation, but it's also been about building lasting relationships and a strong foundation of trust. In 2025, we'll be launching new initiatives to continue our mission of providing sustainable gardening solutions. We're excited about what's to come and proud of how far we've come.

To commemorate our anniversary, we'll be launching a special "10-Year Anniversary" product range, embodying the values that have made us. Stay tuned for more details as we count down to this milestone, and join us in celebrating a decade of growth, resilience, and innovation.

As we continue our journey, we remain committed to delivering the same high-quality products and sustainable solutions that have made us a trusted name in the UK gardening community. Here's to the next 10 years—and beyond!
