

Bailey International Partners with UPS to Enhance Ground Shipping Services

KNOXVILLE, TN, UNITED STATES, May 12, 2025 /EINPresswire.com/ -- [Bailey International](#), a leader in the mobile hydraulics industry for over 40 years, is excited to announce a new partnership with [UPS](#) to handle outbound ground shipments. This collaboration

reinforces Bailey's dedication to providing unmatched service and reliability to its customers across the manufacturing and hydraulic equipment sectors.

UPS has consistently achieved delivery reliability rates of over 97% for six consecutive years. This proven commitment to dependability gives Bailey confidence that their customers will receive orders on time, even during high-demand periods like the holiday season.

Thanks to UPS's robust logistics network, Bailey can now deliver to over 80% of the U.S. population within three days via ground shipping. UPS's integrated air and ground operations allow for faster transit times and higher efficiency, ensuring that Bailey's parts and components reach customers quickly and cost-effectively.

Ken Baker, Bailey's CEO, stated, "Partnering with UPS is a big step forward in ensuring our customers receive their orders with the speed and reliability they deserve. It's about exceeding expectations and continuing to raise the bar in customer satisfaction."

Mike Betancourt III, Area Sales Manager for UPS, also shared their enthusiasm for the partnership, saying, "We're thrilled to join forces with Bailey. Our shared values of reliability, efficiency, and customer-first service make this partnership a perfect fit."

About Bailey:

Headquartered in Knoxville, Tennessee, [Bailey is](#) a leading manufacturer of hydraulic components and electronic control system components for companies across a wide range of industries. Bailey develops and produces hydraulic cylinders, hydraulic power units, hydraulic valves, joysticks and other electronic controls under the Chief, Maxim, Hydro Custom and Sure Grip Controls brands, as well as distributes many other products. Bailey also provides design, engineering, testing and custom manufacturing services to leading mobile equipment

companies around the world.

About UPS:

UPS is committed to delivering what matters most to customers. With a global network, cutting-edge logistic solutions, and over a century of experience, they focus on making shipping and delivery needs seamless and stress-free. Their teams aim to help business partners reach and expand their customer reach by prioritizing reliability, speed, and exceptional customer care. UPS will continue to innovate for business partners, so they can focus on customers. With UPS, the world is always within reach.
