The Helms Helps Foundation assists nonprofits serving the Las Vegas community by highlighting organizations each month to raise awareness and funds for great causes.

“

Vegas Stronger is doing incredible work to lift people up by addressing the root causes of homelessness and hardship.”

Terry Helms

“Terry Helms and the folks at the foundation are fantastic, we’re excited that they want to match donations for our organization,” said David Marlon, co-founder and CEO of Vegas Stronger. “With this money, we can continue to impact the community positively by hiring more therapists, better equipping our street outreach team, and making sure we have transportation, food, and other resources for the individuals who come through our doors for free treatment.”

All donor donations made during the month of May will be doubled, which means that individuals that donate \$20 will actually be providing \$40, \$50 is upgraded to \$100, and so on. The impact is doubled. Helms Helps encourages new donors and additionally for donors to ask their companies if they match charitable donations, which they often do, thus maximizing the

donation to be three times the impact.
