Dr. Kyle Vioria of V Dental Health & Aesthetics

At V Dental Health & Aesthetics, the pillars of comfort, trust, health, and excellence guide every aspect of care. Dr. Vioria's mission is simple but profound: to remove the fear and stigma often associated with dentistry. From the moment patients walk through the doors, they are greeted warmly by a team dedicated to ensuring a positive experience. Instead of the cold and clinical feel many associate with dental offices, V Dental is intentionally designed to create a tranquil, spa-like setting with a refreshing smell and calming touches.

Patients can enjoy an extensive comfort menu featuring blankets, weighted blankets, neck pillows, and ceiling-mounted televisions for distraction. The commitment to patient-centered care, however, extends far beyond amenities. Advanced technology delivers success-driven results, including AI-infused tools that enhance X-Rays for improved imaging and patient education. For Dr. Vioria and his team, dental health is inseparable from overall health, and they focus on delivering care that transforms not only people's smiles but also their lives.

It's time to say goodbye to the stress of putting off dental visits. With easy online scheduling and an unwavering focus on total health and wellness, Dr. Vioria is helping patients in Charlotte

achieve healthy, beautiful smiles while feeling genuinely cared for.
