The Jacob D. Fuchsberg Law Firm Marketing Results

Introducing a New Era of Marketing Transparency for Attorneys

The newly launched portal equips law firms with comprehensive tools to capture, analyze, and optimize marketing performance across all channels—organic search, paid ads, and beyond. By focusing on key business metrics, the platform delivers real-time insights into critical data points that directly impact growth, including:

- Total leads generated by each marketing channel
- Cost per lead (CPL)
- Marketing-qualified leads (MQLs) per channel
- Cost per MQL
- Case conversion rates from MQLs
- Revenue generated from closed cases
- ROI for each marketing channel

Unlike conventional reporting systems that focus on vanity metrics like clicks and impressions, Grow Law Firm's platform is laser-focused on what truly matters: tracking and optimizing the

Success like this doesn't happen by accident. It's the result of close collaboration, a shared focus on results, and a commitment to building marketing systems that law firms can trust and scale."

Sasha Berson

flow of marketing-qualified leads and their conversion into profitable cases.

"Our mission has always been to help law firms achieve meaningful growth," said Sasha Berson, Managing Partner at Grow Law Firm. "With this new infrastructure, we're not just providing insights into marketing activities; we're giving our clients the tools to understand how those activities translate into tangible revenue. This level of transparency is what law firms need to truly scale."

A Partnership for Strategic Growth

In addition to offering detailed marketing analytics, the portal also includes tools for goal-setting and strategic forecasting. This unique feature allows Grow Law Firm to collaborate directly with clients to establish data-backed targets for the next 12, 18, or 24 months. These goals—such as expected MQLs by channel—are aligned with personalized marketing strategies that are revisited monthly to ensure continuous optimization.

Each month, law firms receive a performance review detailing the progress towards their set targets, ensuring that marketing efforts remain tightly aligned with the firm's overall objectives.

Proven Success: A Real-World Example from [Fuchsberg Law Firm](#)

The impact of Grow Law Firm's approach is best illustrated through its partnership with the Fuchsberg Law Firm, a prominent personal injury firm in New York City. Since partnering with Grow Law Firm in February 2023, Fuchsberg Law Firm has experienced extraordinary results:

- 2,451% return on investment (ROI) from closed cases generated through MQLs
- 758% growth in marketing-qualified leads (MQLs)
- 58.5% reduction in cost per MQL

Thanks to these remarkable results and the ongoing transparency provided by the new ROI platform, Fuchsberg Law Firm is now expanding its practice by hiring new attorneys and diversifying into additional areas of law.

Sasha Berson added, "Success like this doesn't happen by accident. It's the result of close collaboration, a shared focus on results, and a commitment to building marketing systems that law firms can trust and scale."
