

PropertyRoom.com Awarded Contract with Sourcewell to Provide Online Auction Services for Government Agencies Nationwide

FREDERICK, MD, UNITED STATES, May 1, 2025 /EINPresswire.com/ -- [PropertyRoom.com](https://www.propertyroom.com) Awarded Contract with [Sourcewell](https://www.sourcewell.com) to Provide Online Auction Services for Government Agencies Nationwide

PropertyRoom.com, the nation's leading online auction site for seized, stolen, abandoned, and surplus goods from police departments and government agencies, is proud to announce it has been reawarded a competitively solicited contract with Sourcewell, one of the largest cooperative purchasing organizations in North America.

This continuation of partnership ensures that Sourcewell's more than 50,000 government, education, and nonprofit organizations can continue to access PropertyRoom.com's secure, transparent, and efficient online auction services through Sourcewell's Cooperative Purchasing Program. The process itself is faster and more efficient than the Request for Proposal (RFP) process typically used to secure bids from potential partners.

"We are honored to once again be selected by Sourcewell," said Aaron Thompson, CEO of PropertyRoom.com. "This renewal affirms our longstanding commitment to delivering reliable, result-driven auction solutions for agencies nationwide. We look forward to building on this partnership, helping even more communities manage surplus and unclaimed property with ease."

Under this reawarded contract, PropertyRoom.com will continue to offer public agencies a compliant, competitively awarded procurement solution that eliminates the need for independent solicitations – simplifying surplus property management and asset disposition. Since its founding in 1999, PropertyRoom.com has served over 4,400 law enforcement and municipal agencies nationwide and has streamlined the auction process to provide a no cost solution and frequent remit of proceeds from those auctions. This technique allows communities across the nation to collect income for infrastructure projects, improvements, and more.
