

NEW CHRISTIAN MEDIA PLATFORM, BIBLESTOCK.ORG, LAUNCHES ON NATIONAL DAY OF PRAYER

TAMPA, FL, UNITED STATES, May 1, 2025 /EINPresswire.com/ -- A significant new digital resource for the Christian community launches today: BibleStock.org. Created to equip and encourage believers worldwide, BibleStock is an online platform offering high-quality videos, photography, and illustrations—specifically designed to support Christian churches, ministries, businesses, and content creators.

With a vision rooted in Psalm 96:3, "Declare His glory among the nations, His marvelous works among all the peoples," BibleStock.org seeks to remove creative barriers for the gospel by providing visually compelling resources to amplify God's Word.

BibleStock is especially developed for pastors, Bible teachers, and small-group leaders who want to bring the Scriptures to life in a meaningful and visual way. One of its most powerful features is a growing collection of high-quality videos filmed on location in the Holy Land—designed to help your audience experience the Bible in its geographic and historical context.

"Launching on the National Day of Prayer is not a coincidence—it's intentional," said Andy Cook, Founder of BibleStock. "We believe prayer is the foundation of all gospel work. As our nation turns its attention to prayer, we're offering this platform as a tool to help ministries visually communicate God's truth with excellence and clarity."
