

# Dr. Mohana Rao Patibandla Honored as Best Minimally Invasive Keyhole Neurosurgeon and Spine Surgeon - Times of India

*Dr. Rao's groundbreaking techniques in keyhole neurosurgery, endovascular neurosurgery, and spine surgery have earned him top recognition in The Times of India.*

GUNTUR, ANDHRA PRADESH, INDIA, May 3, 2025 /EINPresswire.com/ -- Dr. Mohana Rao Patibandla Honored as Best Minimally Invasive Keyhole Neurosurgeon and [Spine Surgeon](#)

Subheadline: Dr. Rao's groundbreaking techniques in keyhole neurosurgery and spine surgery earn him top recognition in The Times of India.

VIJAYAWADA, INDIA – November 15, 2024 – Dr. Mohana Rao Patibandla, a leading neurosurgeon based in Vijayawada, has been honored as [the best minimally invasive keyhole neurosurgeon](#) and spine surgeon in a recent feature by The Times of India. This prestigious recognition highlights Dr. Rao's innovative surgical techniques and unwavering commitment to advancing neurosurgical care, particularly in keyhole neurosurgery and spine surgery.

Dr. Rao has dedicated his career to improving patient outcomes through minimally invasive procedures and has been at the forefront of neurosurgical innovation. His expertise in keyhole neurosurgery—a technique that allows for complex brain and spine surgeries through small incisions—has revolutionized patient treatment options, reducing recovery times and minimizing risks. The feature in The Times of India underscores Dr. Rao's contributions to the medical field and his pioneering role in adopting cutting-edge technologies to enhance surgical precision and patient care.

Dr. Mohana Rao Patibandla receives the “Best Minimally Invasive Neurosurgeon, Spine Surgeon, and Endovascular Surgeon in India 2025” award from the Chief Minister of Goa, Dr. Pramod Sawant, at the Sardar Patel Unity Summit & Awards 2025.

"I am deeply honored to receive this recognition," said Dr. Rao. "It is a testament to my team's hard work and dedication, and the trust placed in us by our patients. Our goal has always been to provide the highest standard of care while pushing the boundaries of what is possible in neurosurgery."

Dr. Rao's journey to becoming one of [India's top neurosurgeons](#) began with his extensive training and education in India and internationally. After completing his medical degree, he pursued specialized training in minimally invasive neurosurgery and spine surgery at renowned United States institutions. His practice at Dr. Rao's Hospital in Guntur has since become a hub for advanced neurosurgical care, attracting patients across India and beyond.

“

I'm deeply honored by The Times of India's recognition. It underscores our commitment to pioneering minimally invasive neurosurgery that transforms patient outcomes and quality of life.”

*Dr Mohana Rao Patibandla*

The recognition by The Times of India also highlights several of Dr. Rao's notable achievements, including his successful treatment of complex brain and spine conditions using minimally invasive techniques. His research on improving surgical outcomes and reducing post-operative complications has been widely published in leading medical journals, further solidifying his reputation as a thought leader.

As the demand for minimally invasive procedures grows, Dr. Rao remains committed to expanding access to these advanced surgical options. “Minimally invasive surgery is not just about smaller incisions—it's about better

outcomes, faster recovery, and ultimately, improving the quality of life for our patients,” Dr. Rao added.

About Dr. Mohana Rao Patibandla:

Dr. Mohana Rao Patibandla is a renowned neurosurgeon and the founder of Dr. Rao's Hospital in Guntur, India.
