

Signal Health Group Franchise Launches Mission to Revolutionize Senior Care for Medicaid Recipients and Veterans

INDIANAPOLIS, IN, UNITED STATES, May 13, 2025 /EINPresswire.com/ -- [Signal Health Group Franchise](#), a nationwide senior care network, is pleased to announce its expanded mission to transform senior care for Medicaid recipients and veterans. A leading provider of compassionate in-home healthcare services, it seeks to enhance the well-being and independence of seniors and veterans across the nation.

As a mission-driven leader, Founder and CEO Hahn March aims to build bridges between compassion and action. Signal Health Group Franchise work centers on those often left behind — seniors, veterans, people with disabilities, and low-income families — particularly in underserved communities.

“

I lead with heart, strategy, and the belief that equitable care isn't just a service — it's a right”

Hahn March

March's journey began in 2012 with a small home care agency serving Medicaid recipients and disabled veterans. Being both Black and Vietnamese and the daughter of a Vietnam War veteran, her commitment to care is personal and deeply rooted in advocacy.

Today, that mission continues through her work with the [VETS2INDUSTRY](#) Foundation, where they connect transitioning service members with critical resources in housing, mental health, career support, and entrepreneurship. March would love to connect if you are passionate about scaling impact, rethinking elder care, or supporting veteran transitions.

About Signal Health Group Franchise

Founded in 2012 by Hahn March, Signal Health Group Franchise has grown from a small operation in Richmond, Indiana, to a national provider of in-home healthcare services. The company's mission is to ensure that seniors and veterans receive the care they deserve, allowing them to live independently and comfortably in their own homes.
