Actionable Insights • Accurate Decisions

LatentView

Dr. Ghose brings a strong combination of academic insight and practical industry experience to LatentView's Board. He currently serves as the Heinz Riehl Chair Professor of Business at New York University's Stern School of Business and is a respected authority on digital transformation, AI strategy, and emerging technologies. His addition to the Board supports LatentView's continued commitment to deliver innovation-led value to global enterprises.

“

LatentView is operating at an inflection point in the evolution of digital analytics, where the rise of GenAI and Agentic AI is transforming how businesses extract value from data.”

Dr. Anindya Ghose

Dr. Ghose is the author of TAP: Unlocking The Mobile Economy and THRIVE: Maximizing Well-Being in the Age of AI. His research and writing have garnered multiple

international awards and been featured in publications such as The Economist, The New York Times, Wall Street Journal, and CNBC. He has also served as a trusted advisor and expert witness in high-profile legal proceedings involving global technology firms, including Apple, Google, Meta, and Alibaba.

Commenting on his appointment, Dr. Ghose said, “LatentView is operating at an inflection point in the evolution of digital analytics, where the rise of GenAI and Agentic AI is transforming how

businesses extract value from data. The company has built a strong foundation and is well-positioned to capitalize on significant global growth opportunities in data engineering and advisory services. It's an honor to join the Board at this pivotal moment as LatentView continues to shape the future of data-driven decision-making."

Rajan Sethuraman, CEO of LatentView Analytics, said, "As enterprises across industries accelerate their AI and digital transformation journeys, LatentView is focused on enabling that transformation with deep analytics capabilities and industry-specific expertise. The market opportunities are substantial, and Dr. Ghose's expertise in AI economics, digital platforms, and governance will play an invaluable role in supporting our next phase of growth."

Dr. Ghose holds a Ph.D. from Carnegie Mellon University and has been recognized as one of the top 40 business school professors under 40 worldwide. He has consulted and advised companies across sectors on data-driven transformation initiatives, from mobile commerce strategies to AI governance frameworks.
