an international network of progressive and visionary employee benefit brokers and consulting firms from

across the United States and Canada, is pleased to

announce Houston, Texas-based [Carroll Insurance](#) has been accepted for membership into the organization.

Serving a diverse clientele across industries such as manufacturing, construction, oil & gas, technology, professional services, restaurants, and retail, Carroll Insurance provides protection through policies like general liability, cyber liability, workers' compensation, and directors & officers liability. They also offer employee benefits packages encompassing group medical, dental, vision, disability, and retirement plans. “

We are proud to welcome Carroll Insurance. They pride themselves on being strategic and innovative problem-solvers, partnering with clients to develop appropriate, affordable, and flexible solutions.”

*Perry Braun, President & CEO,
BAN*

“We joined BAN to tap into the wealth of knowledge amongst the organization’s leaders and members,” says David B Carroll, CIC, CRM, President of Carroll Insurance. “The high-quality resources and collaborative network that

come with BAN membership strengthen the solutions we already deliver to our clients. It’s an important step toward enhancing the value and breadth of our services.”

“What really drew us in was BAN’s unmatched expertise and professionalism,” says Jason R. Knecht, Partner at Carroll Insurance.

“We are proud to welcome David and his team into BAN,” says Perry Braun, President & CEO of the Benefit Advisors Network. “Carroll Insurance prides themselves on being strategic and innovative problem-solvers, partnering with clients to develop appropriate, affordable, and

flexible solutions.”

Braun continues, “As with other members of BAN, Carroll Insurance looks forward to the collaborative atmosphere and unique ideas that other firms will bring to the table.”

To become a BAN member, Carroll Insurance had to pass a stringent screening process that included interacting with BAN’s members and its Board, and scrutiny of the firm’s business ethics, industry knowledge, and commitment to providing the highest quality services.

BAN intentionally limits membership to the “best of the best” in their respective markets. The organizational philosophy of collaboration while providing world-class resources, such as preferred pricing arrangements and direct access to underwriters, has helped its members continue to grow.
