

# Beyond Facials Santa Monica introduces a Mother's Day Facial Experience specially formulated for mature sensitive skin

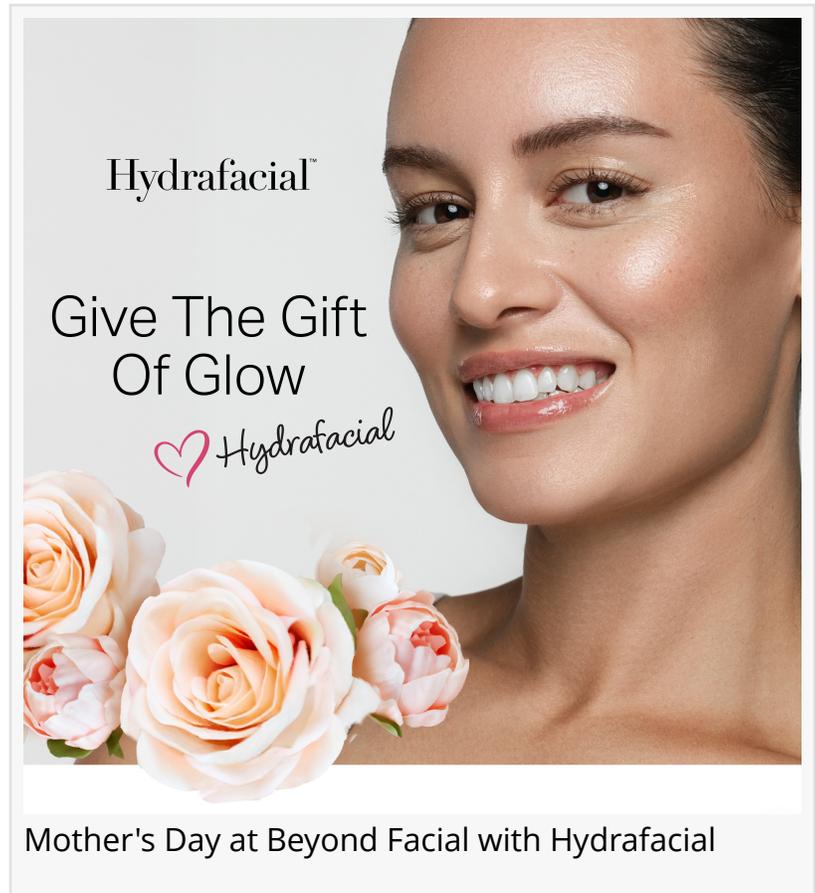

*A gentle anti-aging facial for Mother's Day, designed for mature, sensitive skin—featuring Hydrafacial boosters without harsh acids or suction.*

SANTA MONICA, CA, UNITED STATES, May 6, 2025 /EINPresswire.com/ -- Beyond Facials introduces a Mother's Day Facial Experience specially formulated for mature sensitive skin. Beyond Facials has introduced a special Mother's Day limited-time Advanced Anti-Age Facial treatment at their Santa Monica studio. This treatment serves as a gentle restorative option for mature and sensitive skin instead of harsh peels and aggressive exfoliants which moms can use to achieve results without experiencing irritation.

The idea for the facial came directly from client requests. "Many of our regular [Hydrafacial](#) clients were asking what they could book for their moms—something that's effective, but also more relaxing," says Elvira, the esthetician of Beyond Facials. "So we created this experience to deliver visible corrective and nourishing benefits with a soothing, non-invasive approach."

The Advanced Anti-Age Facial merges the studio's signature custom facial with a Hydrafacial infusion using booster serums like Hydralock HA, Firm, Babor, and Restore—known for hydrating, firming, and revitalizing mature skin. Delicate mature skin types can benefit from highly concentrated serum treatments since this process excludes both intense vacuum suction and acid-based exfoliation.

Beyond Facials' Santa Monica studio offers this exclusive service during May. The studio offers a

special promotional rate which you can find out about by contacting them directly.
