ORLANDO, FL, UNITED STATES, May 13, 2025 /EINPresswire.com/ -- A bold new force in multifamily investing officially takes center stage at Peak Partnership 2025 with the launch of AXXIS Capital, a high-performance investment firm formed through the business combination of Nalu Capital and Gibby's Capital Investments.

Driven by a shared vision of precision, transparency, and investor-first excellence, AXXIS Capital unites two respected industry leaders under a single mission: to deliver superior risk-adjusted returns while providing an exceptional investor experience.

"AXXIS Capital is the axis upon which high-net-worth investors can build true wealth and lasting legacy," said Tyler Deveraux, Co-Founder and Managing Partner of AXXIS Capital. "We've built this company for people like us—entrepreneurs, professionals, and business owners who want to be present for life's most important moments while their money works for them in strategic, well-managed investments. This isn't just a new name—it's a new standard."

At its core, AXXIS Capital represents the alignment of vision, execution, and values. With decades of combined experience and over \$650 million in multifamily acquisitions across key U.S. markets, the leadership team is bringing together robust operational systems, institutional-grade underwriting, and a curated, strategic portfolio designed for today's economic environment.

"We didn't just combine companies—we aligned visions," said Eric Chadderdon, Co-Founder and Managing Partner. "AXXIS Capital was built to move with purpose, lead with clarity, and create a new lane in this industry. That starts with putting people before profits. This is the future of multifamily investing. And we're just getting started."

The name Axxis symbolizes direction, balance, and momentum—values at the heart of the firm's mission to create Wealth in Motion for executives, family offices, and accredited investors who seek more than just returns. They're seeking freedom, certainty, and lasting impact.

"This is a brand built to scale—with investor trust at the center," said Meaghan Davenport,

President of Operations. “Every process at AXXIS is engineered for excellence—from how we underwrite to how we communicate. This launch marks a new chapter, but also a return to what matters most: transparency, performance, and building wealth together.”

AXXIS Capital’s philosophy is simple but powerful: Strategic growth. Long-term security. Passive income with purpose.
