Topic highlights, each of which will host multiple sessions and speakers, include:

- Space Settlement—How we will host communities off-Earth
- Spaceports—The vision for vibrant commercial hubs, both domestic and international
- The Moon—Everything from lunar communities to cislunar business enterprise
- Mars—The exploration, habitation, and development of the Red Planet
- Living in Space—Orbital communities, planetary outposts, and large-scale settlements
- Planetary Defense—How we will protect our planet from asteroid and comet impacts
- Interplanetary Infrastructure—The large-scale logistics required for cislunar space and beyond
- Space Solar Power—Clean, limitless, and affordable electricity for all from space
- Space Health—How we can maintain healthy crews and communities in space

- Space for All—Global collaboration for exploring and developing the final frontier
- Space Business—Commerce and free enterprise on Earth, cislunar space, and beyond
- Space Elevators—The ultimate in reliable and efficient transport off-Earth
- Rising Stars—Early career perspectives and life lessons for young people
- LaunchPad Talks—Short and impactful talks on a variety of space-related subjects
- Space History—A look back at the achievements of yesteryear that brought us to today
- Space Ambassadors—Become a force for good with the NSS's speakers' cohort
- The Martine Rothblatt Space Settlement in Our Lifetime Competition final adjudication
- Many Roads to Space—A potpourri of topics about many aspects of spaceflight and related topics including numerous international speakers

The ISDC is the National Space Society's premiere annual event. Notable speakers include NASA astronauts Hoot Gibson, Susan Kilrain, Chris Ferguson, Story Musgrave; private astronauts Jared Isaacman and Sian Proctor; philanthropist and United Therapeutics CEO Dr. Martine Rothblatt, NASA Associate Administrator Nicola Fox, Space.com Editor-in-Chief Tariq Malik, Ad Astra magazine Editor-in-Chief Rod Pyle, former NASA Chief Scientist Dr. James Green, planetary scientist Pascal Lee, bestselling sci-fi author Joe Haldeman, Mars Society founder Robert Zubrin, and dozens of other top space professionals. Join us for the International Space Development Conference at the Rosen Centre Hotel in Orlando, FL, from June 19-22. More information can be found at the ISDC website.

ABOUT THE NSS

The National Space Society is the preeminent non-partisan citizen's voice on space exploration, development, and settlement, reaching millions through its membership, numerous outreach channels, and media activities. The organization was founded in 1987 via a merger of the National Space Institute and the L5 Society. To learn more about the NSS and its mission to establish humanity as a spacefaring species, visit us on the web [at nss.org](https://nss.org).
