

# HIS Hawaii Hosts 10th LeaLea Charity Run: Supporting Coral Reefs and Promoting Mālama Hawai'i

*Promoting "Mālama Hawai'i" through Beach Cleanups and Donation of Participation Fees to the Waikiki Aquarium*

HONOLULU, HI, UNITED STATES, May 8, 2025 /EINPresswire.com/ -- [Hawaii HIS Corporation](https://www.hawaii-his.com/) ("HIS Hawaii") will hold the [10th LeaLea Charity Run 5K by HIS](#) on October 12, 2025. With the Mid-Pacific Road Runners Club, Hawaii's largest running club, as the race management partner, the race will start at Ala Moana Beach Park and finish at Magic Island, followed by a beach cleanup activity. This popular annual event will return after a 6-year hiatus due to the COVID-19 pandemic, and participants from within and outside the state of Hawaii will have the opportunity to embrace "Mālama Hawai'i" together, enjoying the attractions of the island and giving back to the local community.

The LeaLea Charity Run was launched in 2011 to support the recovery from the Great East Japan Earthquake. We have supported the Hawaii Rainbow Kids Project, which aims to bring junior high school students from areas affected by the earthquake and the Fukushima Daiichi nuclear power plant accident to Hawaii to foster friendships with Hawaii's children through hands-on learning experiences. Since 2014, it has become an annual event rooted and supporting the local community.

This year celebrates the first return after a 6-year hiatus due to the COVID-19 pandemic, and all participation fees will be donated to the Waikiki Aquarium, which is dedicated to the protection and research of Hawaii's coral reefs and marine ecosystem. In addition, "[XploreRide Hawaii produced by NAKED, INC.](#)", which began its operations this February, will offer charity run participants a special rate

to experience Hawaii's first sightseeing and entertainment tour powered by XR technology at \$10\* (regular price: \$68), with all proceeds going to the aquarium. The donations will be used to renovate the Aquarium's popular outdoor exhibit, "Edge of the Reef," a recreation of Hawaii's coral reefs, which is expected to provide visitors with an even greater opportunity to connect with Hawaii's unique marine ecosystem in a more interactive way. \*An online reservation fee will be charged separately to participants.
