

Great Atlantic Resources Announces 2025 Exploration Plans for its 100% Owned Newfoundland Properties

VANCOUVER, BRITISH COLUMBIA,
CANADA, May 8, 2025

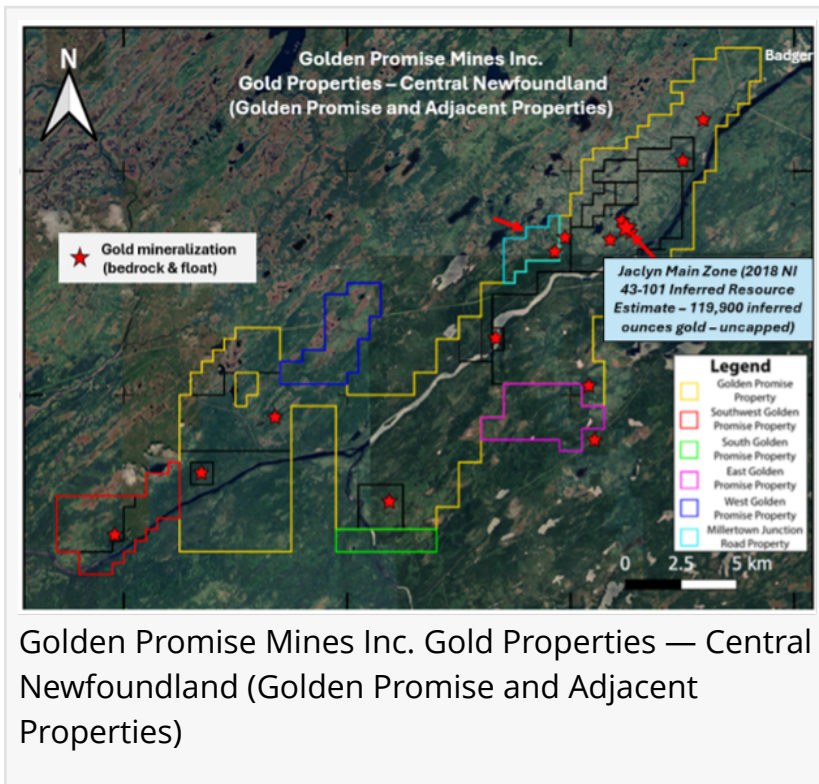

/EINPresswire.com/ -- GREAT ATLANTIC RESOURCES CORP. (TSXV:GR) (the "Company" or "Great Atlantic") is pleased to announce its exploration plans for 2025 in Newfoundland. The Company is planning work on all nine properties including exploration for gold, silver, tungsten, copper, lead and zinc.

Great Atlantic, through its wholly owned subsidiary Golden Promise Mines Inc., is planning exploration at its six central Newfoundland gold properties during 2025 including its flagship Golden Promise Property where a bulk sample program is planned at the gold bearing Jaclyn Main Zone. Great Atlantic is planning exploration during 2025 at its precious metal - base metal and tungsten properties.

"While we are enthusiastic about the expanded exploration plans for our diverse portfolio in Newfoundland, our primary focus remains the completion of the bulk sample at our flagship project, Golden Promise in central Newfoundland. This initiative is a cornerstone of our near-term value creation strategy. At the same time, we are committed to meeting our work obligations across our key assets in both Newfoundland and New Brunswick, ensuring continued advancement on all fronts," stated Christopher Anderson, chief executive officer of Great Atlantic Resources.

Great Atlantic is planning work during 2025 at the following Newfoundland properties:

- Golden Promise Gold Property – Great Atlantic's flagship property (central Newfoundland)

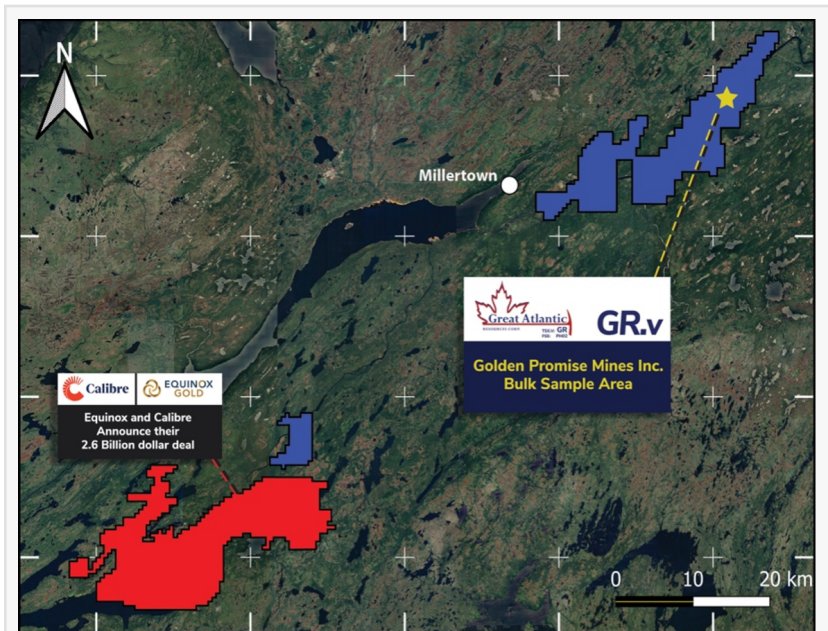

- Golden Trust Gold Property (central Newfoundland)
- West Golden Promise Gold Property (central Newfoundland)
- East Golden Promise Gold Property (central Newfoundland)
- Southwest Golden Promise Gold Property (central Newfoundland)
- Millertown Junction Road Gold Property (central Newfoundland)
- South Quarry Tungsten Property (east-central Newfoundland)
- Pilley's Island Precious Metal – Base Metal Property (north-central Newfoundland)
- Point Leamington Precious Metal – Base Metal Property (north-central Newfoundland)

The work on the six central Newfoundland gold properties will be conducted by Golden Promise Mines Inc., the Company's wholly owned subsidiary. Of these gold properties, The Golden Trust Property is located within one kilometer of the Valentine Gold Mine of Calibre Mining Corp. (TSX: CXB; OTCQX: CXBMF).

Extraction and processing of a bulk sample is planned with partner Novamera Inc. during the summer of 2025 at the Golden Promise Property Jaclyn Main Zone (JMZ) pending receipt of approval from the Newfoundland and Labrador government. One additional steep, down-dip diamond drill hole is planned at the JMZ, managed by Novamera Inc., prior to the bulk sampling program.

Diamond drilling and trenching programs are planned during 2025 at the Golden Promise Property in multiple areas. These include the Jaclyn Zone and other target areas identified by the Company.

Great Atlantic has evaluated target areas for trenching during 2025 at the South Quarry Property, the focus being tungsten and emerald (beryl) exploration. Great Atlantic plans to submit an application for trenching before the end of April for the South Quarry Property.

Bulk Sample Target Area – Golden Promise

Exploration Team at South Quarry (2024)

A combination of prospecting, rock – soil geochemical sampling and / or geophysical surveys are planned for all nine Newfoundland properties in select target areas to define trenching and diamond drilling targets.

David Martin, P.Geo., (New Brunswick and Newfoundland and Labrador), a Qualified Person as defined by NI 43-101 and VP Exploration for Great Atlantic, is responsible for the technical information contained in this News Release.
