

# 3 California Dispensaries Redefine Standards in Cannabis Retail

*Space Flyt, Wonderbrett, and Cannabis House Lead a New Era of Design, Community Engagement, and Customer-Centric Cannabis Retail Across California*

LOS ANGELES, CA, UNITED STATES, May 8, 2025 /EINPresswire.com/ -- California remains at the forefront of cannabis retail, with dispensaries continuing to evolve beyond traditional models. Among them, [Space Flyt](#), [Wonderbrett](#), and [Cannabis House](#) are driving a new standard by combining innovative design, thoughtful community partnerships, and forward-looking approaches to customer engagement. These retailers are setting themselves apart in a dynamic and competitive market.

## Space Flyt: Futuristic Design Meets Vertical Integration

Founded in 2022 as a delivery service, Space Flyt has expanded into two prominent Los Angeles storefronts, including its flagship location on La Cienega Boulevard. The store's space-inspired design creates a memorable and immersive retail experience, while the company's vertically integrated model ensures quality control at every stage—from cultivation to distribution.

Exclusive collaborations with brands such as 888Hz, Cadre, and PappaCanna offer curated selections of flower, edibles, and rosin cartridges. Additionally, the brand's 20,000-square-foot manufacturing facility focuses on solventless extraction to deliver clean, potent products.

Beyond retail, Space Flyt is deeply invested in the community through Elevate Culture, a nonprofit initiative supporting local artists and cultural events, including the West Adams Block Party and Juneteenth Festival.

#### Wonderbrett: Honoring Legacy While Looking Forward

Wonderbrett continues to blend California cannabis heritage with a modern retail approach. Founded by Brett, a figure connected to LA's storied underground cannabis scene, the brand remains closely tied to its roots.

In late 2024, a new ownership group joined Brett to enhance operations and customer experience while maintaining the company's signature ethos.

The flagship Los Angeles location serves both loyal patrons and new customers seeking premium cannabis in a sophisticated environment. Wonderbrett remains focused on its commitment to quality, design, and cultural authenticity, with Brett still actively involved as a partner.

#### Cannabis House: Technology and Social Equity Aligned

Located near USC, Cannabis House brings together advanced technology and a mission-driven approach to retail. Launched in early 2023 by founders Chasom Brown, Rabin Woods, and Monica Meiloaica, the dispensary prioritizes guest experience and social responsibility.

Innovative features include interactive product displays that reveal strain details and effects, as well as a custom app designed for seamless online ordering. The dispensary also carries its own brand, The Fight Smokers Club, dedicated to raising awareness of the opioid crisis.

Cannabis House maintains active partnerships with local institutions such as USC's Keck School of Medicine and Trojan Cannabis Club. The dispensary also supports mental health awareness, veterans, and survivors of domestic violence through outreach and charitable programs.

#### A New Chapter for California Cannabis Retail

Together, Space Flyt, Wonderbrett, and Cannabis House reflect the diverse directions cannabis retail is taking in California. Each offers a distinct perspective — from innovative design and legacy-driven luxury to purpose-led community integration — as they shape the next chapter of

the state's cannabis landscape.
